

# COFFEE MANUFACTORY

Our latest **01 ESPRESSO** celebrates the work of three groups of farmers from three distinct regions throughout Central America. Thanks to the efforts of many, we have landed on an approachable 01 blend that is bright, complex & super special.

**Tasting Notes: Dark Chocolate, Tangerine, Clover Honey**

**00 DECAF** features a light body and vibrant fruit forward complexity. Enjoy it black or with a touch of cream and sugar for the perfectly balanced cup.

**Tasting Notes: Honey, Blueberries, Dried Fruit**

**22 ORGANIC DARK** is down to earth & low in acidity. It is heavy bodied, yet balanced and bright. Great both alone or coupled with your choice of milk.

**Tasting Notes: Dried Fruit, Cacao Nibs, Molasses**
